September 2020

tionary new order on this earth. A movement which is not fighting for such ultimate goals and ideas will never seize upon the ultimate weapon" ...and, needless to say, will never emerge victorious from a struggle with an opponent who is so motivated.

Revolutionary vs. Revolutionary

Though conservatism cannot win against the left, a new revolutionary force, with the spiritual basis that conservatism lacks, and advancing with even more boldness and determination than the forces of the left, can win!

That new revolutionary force is being built now by the men and women of the National Alliance. Its ranks are being filled with disciplined, idealistic young men and women.

They have examined and found wanting both the drugs-and-sex libertinism of the left and the economic libertinism of the right.

A New Order

They are fighting for a new order, based not on the fads and whims of the moment, but on the fundamental values of race and personality — values which once led Western man to the mastery of the earth and which can yet regain that mastery for him and lead him on to the conquest of the universe.

They know that the time is long past when conservative rhetoric or conservative votes might have saved the day. They understand that the West's salvation must now come from young men and women of revolutionary spirit and outlook who are through talking and instead are willing to do whatever is necessary to take back their nation.

Are You Ready?

ARE YOU ready to join a truly revolutionary movement — a movement that will ultimately crush, by whatever means are necessary, the savage and leftist rioters who are burning down our cities, the corporate left who support them, and the numby-pummy phony "conservatives" who keep promising to bring order and close our borders — but who have never delivered on a single one of their promises, while our children are corrupted by fake history and sexual perversion in the schools, while our media support the rioters and promote leftism and every kind of sickness and degeneracy, and while the government does everything it can to replace us with a mass of Third Worlders. When we win, we're going to put them all out of business, forever.

If you are ready, we're ready for you. Visit natall.com/join for information on how you can take part in the program and activities of the National Alliance, or send \$3 for printed information.

Books and CDs for American Youth

• **THE TURNER DIARIES** This is the one you've heard about — the most exciting, and most revolutionary, novel ever written. Written by the author of this pamphlet, physicist and teacher Dr. William L. Pierce, *The Turner Diaries* will take you to a future very much like the one we see emerging in America today — a future where guns are banned and where "White racists" are hunted down and killed by the "equality police." Earl Turner and his fellow patriots decide to fight back, and there's war against the enemies of our people who keep you on the edge of your seat — and change the way you see the world for the rest of your life. \$23 postpaid.

• **HUNTER** Even more hard-hitting and explicit than *The Turner Diaries*, this is Dr. Pierce's second gripping action novel of race and revolution. Confronted by evil — the bought-and-paid-for politicians in Washington, the enemy media, and businessmen who sell out their race and nation for a filthy pile of dollars — what can an honorable man do? When that man is Defense Department consultant Oscar Yeager, the answer is "one Hell of a lot." And when Oscar Yeager is on the warpath, you'd better not be in his way. \$23 postpaid.

• **WHICH WAY WESTERN MAN?** One of the greatest books written in the last 100 years, *Which Way Western Man?* has been described as a "survival manual for the White race." Universal in its scope, profound in its analysis, yet clear and unmistakable in its powerful conclusions, this thousand-page book was the life work of philosopher and National Alliance member William Gayle Simpson. If you are ready for the hard, yet inspiring, truths that the education system and the media deliberately keep from you, *Which Way Western Man?* is what you seek. \$54 postpaid.

• **TURNER DIARIES AUDIO BOOK** This is the CD edition of *The Turner Diaries* (playable in any computer or CD player that can play the mp3 format) — a scarily violent racial-revolutionary novel which changed the world forever. Now you can hear the book in audio form, exactly as the author intended it. This unabridged ten-hour CD presents the book read by the author, Dr. William Pierce. \$23 postpaid.

• **CALL OF THE BLOOD** With soaring melodies and powerful "tribalistic" lyrics, this beautiful, artistic rock CD is truly, as one reviewer put it, "the music of the White resistance." \$19 postpaid.

To order, simply send checks or money orders (made out to Cosmotheist Books), or order from cosmotheistbooks.org/shop, our online bookstore, which also offers hundreds of other titles.

This article was brought to you as a public service by local National Alliance members. For \$24, we'll send you 100 copies of this free. To print out more copies yourself, visit natall.com/letters

Why Conservatives Can't Win

by Dr. William Pierce

(This piece was originally published in the tabloid newspaper of the National Alliance, whose online magazine, *National Vanguard*, can be found at nationalvanguard.org.)

SOME OF MY best friends are conservatives. I sincerely like them and I admire them for their genuine virtues: for their sense of propriety and personal integrity in an age of corruption, for their independent spirit and their willingness to stand on their own feet in an increasingly paternalistic society.

Therefore, I hope my conservative friends will forgive me for what I am about to write.

A Tragic Choice

There is not the least doubt in my mind that if I were forced to cast my lot with either conservatism or with the left, I would choose conservatism.

But fortunately, none of us is faced with such a limited choice. It would surely be tragic if we were. It would be tragic in the great sense, in the Spenglerian sense. We would be making the choice of Spengler's Roman soldier whose bones were found in front of a door in Pompeii

Conservatives Still Can't Win

So many White Americans are still pinning their hopes on conservatism as being the answer to the growing number of problems our race is facing these days. They put faith in the so-called conservative, right-wing Republican party to represent our people, as opposed to the so-called liberal, left-wing Democrat party that most certainly does not. For decades now the Democrat party has evolved into a coalition of "liberals" and non-Whites and queers who openly show their hatred for White

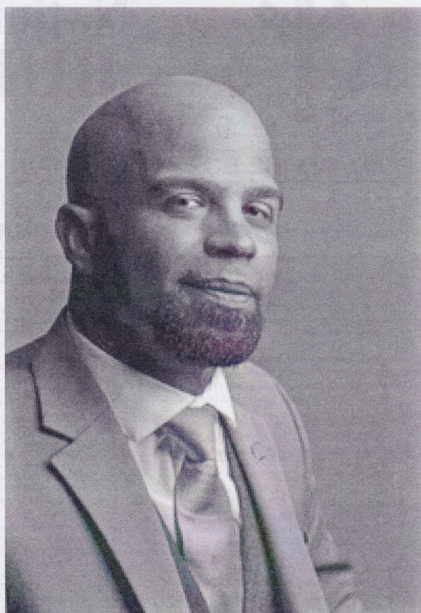

Americans and traditional White values. But that does not mean the GOP is an acceptable alternative for us. (Alliance members are invited to participate in our very own whitebiocentrism.com forum where you will find a discussion entitled "The GOP Can't Be Seen as the White Man's Party.")

Enclosed with this issue of the **BULLETIN** is Dr. William Pierce's classic essay "Why Conservatives Can't Win" as a trifold National Alliance leaflet. Though the essay is nearly 50 years old now, what he wrote is still true about conservatives, especially Christian con-

servatives, always taking a defensive position against the revolutionary-minded leftists. Conservatives are always in retreat when supposedly opposing the radical left, which is what they are up against today with Black Lives Matter, Antifa, the ADL, and the SPLC. Of course, Jewish money controls the Republicans as much as it does the Democrats. See this recent article at *National Vanguard*: “15 of the Top 25 Financial Donors in This Election Cycle Are Jews.”

The federal government, in the words of no less a spokesman than the head of the FBI, Christopher Wray, has declared that “White supremacists pose the gravest threat of violence in the United States.” This is reinforced by the Department of Homeland Security’s (DHS’s) “State of the Homeland Threat Assessment 2020,” released in August, that states, “[T]he most significant terror-related threat facing the US today comes from violent extremists who are motivated by white supremacy and other far-right ideological causes.” What world are these top federal cops living in? Which “white supremacists” are killing law enforcement officers, and burning down American cities with impunity? None. Jew-controlled media like to say some group called the “Proud Boys” are a dangerous “white supremacist” group, but the leader of that group, a proud Trump supporter, is a Black Cuban — a man who couldn’t possibly be a pro-White leader, who is highly unlikely to be a White supremacist, and who is definitely and obviously ineligible for National Alliance membership.

The enemy has overplayed his hand again. Of course the media always want

“White supremacist” Proud Boys leader and Trump supporter Enrique Tarrio. He loves Israel and open borders.

to include the National Alliance as one of those “dangerous white supremacist” groups, but even their definitions make less and less sense these days.

Our Alliance can be described as a racial-nationalist organization that strives for a future in which our fellow like-minded kinsmen will be geographically separate from all non-Whites — and from the multiracialists and troublemakers, both those on the left and on the right. It can’t be said often enough that as racial separatists, we don’t want to be, and can’t be, “supreme” over (that is, rule over) any non-Whites when we achieve geographical separation from them and from those others who oppose us. That would be impossible.

We are not conservatives. What's to conserve? We are not a Christian organization, though nominal Christians who otherwise meet our eligibility requirements can join us.

Dr. Pierce ceased using the term "right wing" to define the National Alliance soon after writing "Why Conservatives Can't Win." Our struggle is not right vs. left, nor liberals vs. conservatives, nor Christians vs. non-Christians. We are *racially responsible* Whites who are determined to preserve our unique race, whatever it takes. Our movement is both *biological* and *spiritual*. All we do is ultimately based on Cosmotheist principles.

We do not expect Christopher Wray or the Jews entrenched in DHS or the DOJ to agree with our position or to even understand it. We do not shrink from being called "racists" by those who oppose us. But we refuse to be lumped in with the "white supremacists," whoever they are. In this sick world of 2020, we are the radicals; we are the revolutionists. That puts us in a superior position to our anti-White opponents. Try to explain this to your conservative friends. Use this classic essay by our founder William Pierce to break the ice, to get them thinking racially.

Cosmotheist Books

We received a 43-pound box of well-collected books this month, some of which are classic titles by such authors as Madison Grant and Lothrop Stoddard, who are both mentioned in "Why Conservatives Can't Win." These books have been donated to the William Luther Pierce Memorial Library by the son of

Dr. Gerrit Daams, whose large library Chairman Williams had purchased. That library was purchased soon after Mr. Williams had bought Dr. Pierce's personal research library from his successor Erich Gliebe, in order to preserve it. We have been regularly adding other titles that supporters have donated, or that we have purchased, as we build our library and our bookstore — especially newer books relevant to our struggle that have been published since Dr. Pierce's death.

Ten new titles added to our online bookstore this month include two definitive biographies of Josef Stalin: first, Stephen Kotkin's giant (1,100-plus pages with illustrations) *Stalin: Waiting For Hitler 1929-1941*; and Joachim Hoffman picks up with *Stalin's War of Extermination 1941-1945*. We've also added a large format bilingual (German/English) hardback photobook *An Der Spitze Im Bild* by Ernst August Kreig, with hundreds of illustrations and photos of the Waffen SS, many taken by the author; *In Perfect Formation: SS Ideology and the SS-Junkerschule-Tolz* (Schiffer Military History), a fascinating illustrated hardback edition by Dr. Jay Hatheway, investigates the establishment of the SS, and especially the former ideology and training school for SS officers at Flint Kaserne, Bavaria. A passage on page 60 describes SS traditions like the "honoring of ancestors and the German past, e.g., celebrations on Luther's, Frederick the Great's and Bismark's birthday. The 'natural religion' of the SS was expressed in the idealization of Nature, the insistence that SS officers withdraw from church membership but identify themselves as 'believing in God'

(Gottgläubig), and requiring them to make wills excluding religious personnel from their funerals.” *Knights: Chivalry and Violence* by Rosie Serdiville and John Sadler is a history covering the rise and decline of the medieval knights and their concept of chivalry; Stephen Kinzer’s 2017 hardback first edition of *The True Flag: Theodore Roosevelt, Mark Twain, and the Birth of American Empire* provides insight into how, at the dawn of the 20th century, America transitioned into an imperialist empire; *The Penguin Historical Atlas of Ancient Greece* by Robert Morkot (good for home-schoolers); *The First Holocaust: Jewish Fund Raising Campaigns With Holocaust Claims During and After World War One* by Don Heddesheimer (banned on Amazon); *Voices of the Scandinavian SS*; *The Final Testament of Hitler’s Vikings* by Jonathan Trigg with numerous illustrations of the thousands of Scandinavians who joined the SS to fight communism; *The Death of Hitler* by Lana Parshina and Jean-Christophe Brisard in hardback provides the latest research into the final days of the Leader, debunking many of the poorly founded theories surrounding his death.

Iowa Activism Spurs Media Coverage

Here we go again (the mistakes which were present in the original controlled media piece have been left in as we found them):

Racist flyers have appeared in the West End of Davenport calling for “Racial Distancing” because of COVID-19

by Anastassia Zvoryguina

Racism is still alive and well. Some like to attribute the problem of racism to big cities only.

Unfortunately, that is not true. Davenport is smaller than Des Moines, but racism is right here and lately it has been rearing its ugly head more often than before.

A journalist and local activist, Athena Gilbraith announced through her Facebook page that her child found racist flyers outside of their home in the west end of Davenport, IA. The racist flyer is calling for “Racial Distancing” calling whites to distance from blacks because the rates of infections of coronavirus are higher among African American population. Although the infection does seem to affect African American and Hispanic population more, it has nothing to do with a person’s skin color. It is likely that the higher number of COVID-19 cases among minorities has to do with the fact that most of them are working at jobs that were designated as essential, lack of resources and medical attention in those communities also worsen the outbreak among African Americans and Hispanics.

Although extremely upset that her child was the one who found these racist flyers, Ms. Gilbraith declared that she will not quit her activism because of this incident. She received a lot of support and some shared similar stories on her Facebook page. Racism has become more common in recent couple of years. It is not a big city problem anymore and the latest incident in Davenport proves that. Seems that the small towns in Iowa are being targeted by these hate groups to spread their propaganda.

Clearly, a few stickers and a bit of effort were wasted on non-Whites and anti-Whites, who are not the audience

we seek. (If only all of them could be re-located somewhere where decent Whites aren't, neither we nor they would have this problem.) But the area in question is overwhelmingly populated by decent Whites, despite the skewed impression given by the hate-filled controlled media coverage we always get. Our racial distancing message is getting to thousands of our Folk because of our stalwart activists.

Correspondence

...I continue to support the National Alliance in all of its worthwhile activities, especially the construction of the William Pierce Memorial Library. The Alliance may not be perfect, but there is simply no other alternative. Doing something in the real world is far better than endless whining on the Internet. For the long haul, my money is on the NA. — *W.H., South Carolina* (via a comment on *National Vanguard*)

Chairman Williams responds: We know our Alliance is not perfect, W.H., but we work hard to remain the one group that offers “the whole package,” so to speak, compared to other pro-White organizations. Our real world activities are not all that sets us apart from others. For one thing, the National Alliance advocates geographic separation of our like-minded, eligible kinsmen from other races, from the racially-mixed, and from anti-Whites. That sets us apart significantly. And we acknowledge that “democratic electoral voting” is quite useless as a means of accomplishing these necessary goals.

Even more important is the world-changing, unique spiritual basis that Dr. Pierce left to us: Cosmotheism. More of our people today are recognizing

the fundamental need for the Nature-based, non-Semitic belief system that undergirds everything the National Alliance undertakes. The question is: Will the transition of our people away from government/media-supported “Judeo-Christianity” occur quickly enough to make the necessary difference for our people?

Imagine how easy that would be if we had sufficient funding to spread our ideas. It doesn't appear that Donald Trump's “Platinum Plan,” announced by him in late September, that pledges \$500 billion to “lift up the Black community” has prompted any outrage from his White supporters who will be called on to finance his plan. When will White Americans finally withdraw their consent to be taxed to fund such foolishness? Think of what the National Alliance could accomplish with just 1/500,000th of that money — what we could do to “lift up” our community. We'll never see a penny from the federal coffers, so must depend on relatively scant profits from the sale of books and CDs, member pledges, and occasional donations from our supporters. That's it! I'm waiting for just one of our millions of moneyed Whites to donate that first million dollars, or leave us a generous bequest in his will. Until then, we'll stay on course, moving ahead as funds permit, building with what we've got, and sticking to our uncompromising National Alliance hard line.

Dear National Alliance: As a new dues-paying member I look forward to embarking on this journey. With your knowledge and our combined strength/wisdom/experience we will keep any ne'er-do-well enemies at a reasonable distance. I

humbly come to you now to make my last 35 years of experience on this planet count. Enclosed is my membership survey and \$60 dues for September and October. Yours truly, — *M.G., Pennsylvania*

Chairman Williams: Things have been quite exciting here in southeastern Wisconsin the last few weeks, as usual. The Black Lives Matter rioters, arsonists, and looters are supported by the media, whereas the White man protecting his life and property is labeled a criminal. It's crazy when the Black man, armed with a knife and resisting authorities, is somehow the "victim" and newest hero of the Black racist movement. Anyway, this has been a great opportunity for me to talk to others who are finally beginning to see what those who wield the power really think of the White race. I have introduced quite a few people to our organization and directed them to our Web sites. I know for sure that our National Alliance radio network has picked up a few regular listeners. Hopefully this will bear fruit for us soon. I liked Donny's comments in the August **BULLETIN** and look forward to the time when I'm able to cut ties with the corporate world and work at what really matters (corporate retail is no place for a White man). Enclosed is my monthly pledge [\$100] plus another check for the *Power of Truth* CD #1. Thanks for everything. — *G.B., Wisconsin*

Chairman Williams: Thank you for the speedy detailed and insightful response. You're right that it is not so important how many [National Alliance Members] we have presently, but the basic fact is that we need more. I also don't believe strength in just mere numbers is what counts, but the quality of the folk. When talking to people about our Alliance I always start with basic race talk such as politics and then maybe get into Black and other non-White crime, etc. I always save any discussion of Jews and Hitler for later, after I think they are ready for that — but it's difficult to get the message across to people with severe cognitive dissonance and brainwashing, especially older folks. I'm forever grateful for Dr. William Pierce and what he created and to you for carrying on the struggle. I have the Life Rune as my wallpaper on Jewbook. Speaking of that, is there any major Alliance activity on Facebook, I haven't seen any so far? — *J.L., Mississippi*

Chairman Williams responds: J.L. it's best to stick with authorized NA lit-

erature when talking to new people who are unfamiliar with our organization. Do as G.B. does and introduce them to our sites rather than launch into a discussion of Adolf Hitler. They will see enough of that on *National Vanguard* as they slowly come to educate themselves. Faceberg? I've never been on that platform and never will, but some Alliance members have pages there and on other social media where they promote our sites. Any official National Alliance Faceberg page would soon be "zucked" — removed for violating Jew policy.

Dear Chairman Williams: It was so nice to get a phone call from you. What a pleasant surprise! As promised, enclosed are a few photos of my family...

I'm proud to be a part of the National Alliance and hope I can soon be of service. I am planning my visit [to the Alliance's National Office] soon. — *L.A., Tennessee*

Chairman Williams responds: You have a fine-looking family, L.A. Thanks for the pics. Lana and I are looking forward to your visit in October.

To: National Alliance - A plea for a unified aaryan cause revolution. i request u people to plz accept indians in your revolution because we are also proud aaryans and love adolf hitler because he had helped us in our fight for indipendence. and we hate negroes. and we also support u guys and your racial dignity.....afterall remember hitler had said that indians are our pure aaryan brothers. i hope u would consider this slight change in your membership policy. — *P.J., India* (via email to natall.com)

Chairman Williams responds: We wish you and your racial-nationalist Indian kinsmen well, P.J., but our National Alliance won't be changing its racial requirements, not even slightly, to accommodate mixed-blood "Aryans" who can't make White babies. Sorry.

Interview with ABC News

I received an email inquiry this month from the Chief Investigative Reporter at ABC News, Josh Margolin. He said that ABC is putting together a documentary dealing with the “resurgence of the White nationalist and White power movements” in America. He had interviewed Kelvin Pierce, Dr. Pierce’s unrepentant son who wrote a smear book earlier this year about his dad, 18 years after his death. Apparently Kelvin told ABC, when interviewed by them for their documentary, that, from his conversation with me, he had the impression that the National Alliance is enjoying renewed growth. Margolin was interested in speaking with me about the National Alliance and also wanted to get my response to Kelvin’s criticisms of us.

I called Margolin and told him our Alliance is not part of either a “White power movement,” or even the greater “White nationalist movement.” I asked him if he was a Jew, and after a pause he said, “Yes.” I told him I wasn’t interested in having him come to our Tennessee National Office from New York City with his cameraman and soundman to interview me, but that I would email him something he could use, if he wanted to. Then I sent him a link to Dr. Pierce’s *American Dissident Voices* broadcast “Disney and the Jews” at natall.com/bitcute. I thought that Josh Margolin would appreciate learning how his fellow Jews took over Walt Disney’s wholesome empire and subverted it, Judaized it, and how they

then purchased the ABC television network, his employer. I also sent him a link to my review of Kelvin Pierce’s disparaging book about Dr. Pierce, which you can read in a comment by me under the article “Amazon Stomps on Free Speech” on nationalvanguard.org. In that email I also sent the following for good measure:

“Mr. Margolin, If I thought your project about the ‘renewal the National Alliance is enjoying,’ as you described it, would be a fair portrayal, I wouldn’t mind a friendly interview, but we both know it will be biased, as is usual with you folks in the mainstream media. In fact it is a safe bet that you will go to the SPLC or ADL to get their points of view about how ‘dangerous’ we are. You may use the following quote from me as Alliance Chairman if you wish:

“We in the National Alliance believe that our race is worth preserving, To ac-

comply that we, as racial separatists, simply advocate geographic separation of the races by whatever means it takes. Many Whites will choose to continue living in a multi-racial society. That's all right. Call it exercising our freedom of association with our own. There can be no so-called White supremacy when we are not in the same space as non-Whites."

I've learned that providing a written quote to hostile media makes it less likely that my words will be altered by them. He wrote back on 21 September saying, "We are sorry you do not want to participate in our project." Yet he called me back eleven days later, wanting to ask me a couple of questions for the ABC "streaming" documentary that will appear online on Tuesday, 6 October at 8:00 pm. I gave him an earful, but it's doubtful if he can use much of it because it won't fit ABC's agenda. It would have been nice if I could have recorded my responses to his two questions for my protection but I don't have that capability yet.

National Vanguard: Not a "Free Speech Forum"

I was pleased while listening to Kevin Strom's excellent *American Dissident Voices* broadcast of 3 October, "Staying on the Path." Kevin and I had just discussed a couple of days earlier a frequent writer of comments on our *National Vanguard* online magazine who goes by the name "Jack," who had been irking me with his comments that insisted our National Alliance should embrace Christianity. Kevin had blocked some of Jack's numerous and demand-

ing comments, but still let a couple through because Jack was an otherwise decent commentator on other issues. Kevin stated in his program:

Jack is rather upset with me because of the 'censorship' of our *National Vanguard* moderation team. Jack thinks that he can put extensive anti-Cosmotheist or pro-Christian comments, comments that "call us out" for the "terrible mistake" of criticizing Christianity, under every single article on the subject of religion that we publish. I can tell you right now: That's not going to happen.

What Jack and some other new folks need to understand is that *National Vanguard* is not a free speech forum. *National Vanguard* is an online magazine explicitly supporting the agenda and program of the National Alliance. *National Vanguard* is not a place where your pet theory can be published at great length under every relevant article.... *National Vanguard* is laser-focused on that upward path — the path shown to us by Dr. Pierce and the other intellectual giants on whose shoulders we stand.

That needed to be stated clearly because, unlike National Alliance members, some who enjoy reading *National Vanguard* and commenting there are not on the same page that we are, and a few foolishly believe they can convince us to compromise on National Alliance fundamentals like our decidedly non-Christian Cosmotheist worldview in order to please them. *National Vanguard* is a transmission belt for our organization's racial separatist ideology — our upward path — which, we hope, will attract like-minded kinsmen who agree with us and convince them to join or support our Alliance. It is *not* a free speech forum. Those who may be interested in what I had to say to Jack on 30 September, can find my comment under another of our Media Director's articles at *National Vanguard*, "What Is Right and What Is Wrong." **W. W. W.**
